

HIRING FOR EVENTS, WORKSHOPS & CREATIVE PROJECTS

The Wild Box studio is just fourteen minutes' walk from Bristol Temple Meads station, and less than ten minutes from Bedminster station. The studio occupies a lovingly restored warehouse nestled in a former industrial area just to the south of the river.

The studio is large, open, full of light, and has an industrial feel softened by warm edges. It is conveniently located next to a popular high street with large supermarket, wonderful local cafes and has the added benefit of **free on street parking at weekends & after 5pm on weekdays.**

The studio also has underfloor heating throughout and a small south facing outside space.

Outside of the regular class times, we have availability for you to rent the space, which lends itself perfectly to movement classes, workshops, trainings, plus social or creative events and performances.

THE WILD BOX STUDIO ETIQUETTE

The Wild Box is a busy studio with classes and events running all week and at weekend which means it's important that the studio is left clean and tidy at the end of your booking.

We created this guide in order to help our hirers support the studio and ensure it is always a welcoming & safe environment.

You'll always have 15 minutes either side of your hire time to get set up and close down the space.

If your event requires additional time for setting up or cleaning this will be discussed before hand and additional time will be included in your hire.

Under no circumstances should bikes be brought inside reception.

Unless otherwise agreed upon please ensure that no glasses / cups / food / drink is taken into the practice space, and no shoes are worn.

Saving Energy

As a small business with rising bills it's important we manage costs throughout the year, here are some ways you can help us;

Turn off outside lights if it is light outside.

Switch off lights in the practice space once you are finished.

Please don't touch the thermostat - if your event felt particularly cold let us know and we can change the timer.

If your class or event is in a colder month ask your group to bring warm layers and thick socks, we have lots of blankets for people to use.

Be mindful with the lights and only switch on necessary lights during the set up and close down time.

Make pots of tea for your group rather than boil the kettle a lot.

Setting up

Unless you have your own things to set up there should be minimal setting up you need to do in the space, it should be tidy for when you arrive.

Here are some pointers to help you set up the studio:

Use the signs for your group: 'we are open' when people arrive, 'we're getting creative come back later' when your event is under way.

All the lights are dimmable so you can make it cosy and atmospheric, the lamps in the studio make nice shadows.

Oil diffuser - please use if you like.

Bathroom lights - only use the mirror ones (right switch) not the main spot lights.

If you are using our mats please fill the cloth bucket with hot water and a few drops of soap from beside the sink.

Closing down

Return all equipment as shown in the photos;- bolsters colour blocked, zip at the back, / forward facing, blankets folded and neatly stacked, belts rolled and all other props back as pictured.

Clean the mats and return them as pictured.

All used glasses and cups in the dishwasher, wipe the kitchen if needed.

Benches, chairs or tables returned them where they were found or as directed by us.

In reception push stools back under the bench evenly spaced and facing the same way.

Check toilets are tidy and replace any finished toilet rolls.

Take any rubbish with you please do not use our bins.

Turn out all the lights.

Additional Cleaning

If your hire includes any of the following we will require you to factor in additional time for cleaning the space. We provide a Hoover and a mop but it is your responsibility to bring cleaning products, additional cloths and bin bags.

Events with animals

Classes / events where your group will be wearing shoes in the studio.

Events with crafts or raw materials.

Classes or events with catering or food/drink in the studio.

Classes or events where you are using our kitchen.

***Please refer to photos throughout this document & following page for how to leave the equipment.**
